How long is the warranty extension valid?

Joachim Ulbrich - 2021-10-19 - Warranty Extension

As part of the 100th anniversary celebrations of the Braun brand which was founded in 1921, there are select products that are offered a 5 year warranty.

This warranty can currently only be applied to the anniversary products marked as such and is valid for 5 years from the date of purchase (instead of the original warranty of 2 years).
